

INSURANCE SERVICES

Superior coverage for all of your needs.

Insurance is a must have, but the different types of policies and coverages can not only get confusing, but expensive.

Our Insurance Services professionals work on your behalf to provide you with the right product or mix of products. They act as brokers, researching multiple companies to find the best policy and pricing options for your needs. Unlike brokers, there is not a charge for working with our Insurance Services professionals. ***If you choose not to use the information provided, or choose not to take out a policy, there is no cost or obligation to you.***

Convenient and chosen by us as a preferred partner, you can handle your finances and insurance needs in one place. Plus, you'll have these added member-value benefits:

Discounts. There are potential discounts, with multiple policies.

Competitive Pricing. Keep more money in your pocket! They review rates to ensure you receive the most competitive pricing with the best coverage.

Convenient Payments. As a member, you can have your premiums billed directly to a General Electric Credit Union (GECU) credit card or automatically withdrawn from your GECU checking or savings account.

Personal Relationship. Insurance Services builds a relationship with you, they're not just about the sale. They work to understand your needs and aren't just another person at the other end of an "800" number.

See other side for more details.
