Business Digital Banking

Secure solutions. Total convenience. Time-saving technology.

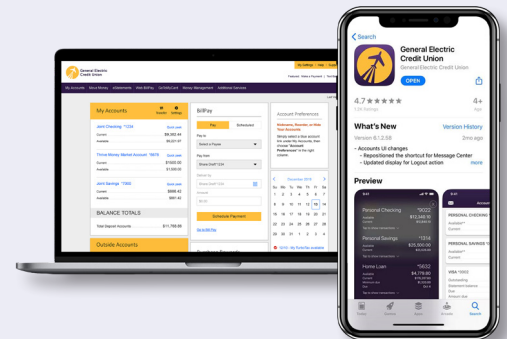

Every business is different. That's why we offer two options for accessing your business accounts online: our standard **Online Banking** or an enhanced **Business Online Banking**.

Online Banking¹

Online Banking is a free and convenient way to manage accounts, transfer funds, make payments, and view your FICO® Score. Our standard Online Banking is perfect for small businesses looking for basic Online Banking features.

Businesses utilizing Online Banking can access their accounts from anywhere using our GECU mobile app. Visit your app store and type **General Electric Credit Union** to download. With the app, you can securely:

- ✓ View and access your accounts in real time
- ✓ Deposit checks through mobile deposit
- ✓ Customize push notifications

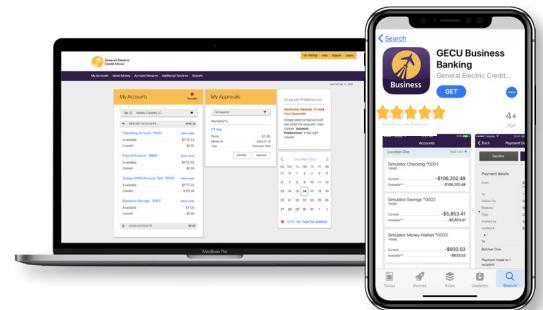

Business Online Banking (BOB)¹

Business Online Banking gives business members an even more robust experience so they can access and manage their accounts, as well as:

- ✓ Add and manage employees and authorized users
- ✓ Link business accounts with different Tax Identification Numbers
- ✓ Customize ACH and wire transfer limits

BOB is perfect for mid-sized businesses or business members who own multiple businesses. There is a fee to utilize BOB as businesses have access to more account management features.

Businesses enrolled in BOB can access their accounts from anywhere using the GECU Business Banking mobile app. Visit your app store and type in **General Electric Credit Union Business** to download the app. With our mobile app, you can:

- ✓ View real-time account transactions and balances
- ✓ Link business accounts with different TINs making it easy to view account information and transfer funds
- ✓ View user details, reset passwords, and unlock accounts
- ✓ Make internal transfers
- ✓ Approve payments, wire transfers, and users
- ✓ Initiate template-based ACH and wire transfers
- ✓ Customize push notifications
- ✓ Use Autobooks to send invoices and accept payments
